

Homestead High School Parent Club

September 9, 2021

Zoom Meeting Agenda

- Welcome and Introductions - called to order at 11:02 am
- Guest Speakers:
- Jeff Kintz: He couldn't join the meeting, so Mrs. Summers gave us the Covid update.

As of today, Homestead had about 37 kids tested positive.

We had a question about the COVID vaccine if they are doctor excuse or parent excuse. It is considered a doctor's excuse; please send all the documents necessary to the front desk to put the correct information in the system.

A parent asked about the COVID test instead of quarantine. This decision is not at the Homestead level. This decision should come from the board.

- Scott Evers: Constructions updates

Their schedule is a little behind.

Phase 3 of construction in the main academic should start between Fall and Christmas.

The capacity of the school should be around 3000 students(comfortably)

Link for more details about the construction is below:
http://homestead.sacs.k12.in.us/about_us/construction

- Principal Susan Summers: General Updates

Last year because of COVID, some students stayed home, and the faculty felt that some students would need more help this year. They decided to add the fifth period where the students can have support from teachers. The idea is to help students up to their grades.

- Treasure report- Cindy Otten

Cindy presented the budget for 2021/2022

- Reports:

ACT/SAT Practice Tests (Chair: Staci Snyder)

Updates from ACT/SAT – Today, we have only 35 students that will take the test.

Teacher Grants (Chair: Jennifer Wiggins)

The idea is to give four grants this year if the budget permits.

Teacher Appreciation Luncheons (Chair: Anita Gregory)

Luncheons – not volunteers allowed again.
This year will be a sack bag, a box, or something like that.

NHS (Chair: Vickie DeLuca)

PTC is not going to participate in the NHS.

Workroom volunteers (Chair: Gulrukh Mueen)

Parents still can help. Signup genius went out yesterday.

- Adjourn
